1 Professional Summary

Aspiring Web Developer with a strong foundation in HTML, CSS, JavaScript, and Python. Completed Harvard University's CS50x program, where I developed practical programming and problem-solving skills through hands-on projects. Passionate about building modern, user-friendly web applications and continuously expanding my knowledge in software development. Currently focused on creating real-world projects, improving technical expertise, and exploring opportunities to contribute to innovative teams and meaningful digital solutions.

2 Technical Skills

Frontend Development

- HTML5, CSS3, JavaScript (ES6+)
- React.js Component Architecture
- Responsive Web Design & UI/UX
- Tailwind CSS & Bootstrap

Backend & Tools

- Python & Flask Framework
- SQLite Database Management
- RESTful API Integration
- Git, GitHub, Version Control

3 Featured Projects

ERP CRUD System | *HTML, CSS, JavaScript, LocalStorage*

- Developed a comprehensive product management system with full CRUD operations.
- Implemented automatic price calculations and persistent storage using LocalStorage.
- Designed an advanced search engine by title or category.

Finance Trading Platform | *Flask, SQLite, Python, Real-time API*

- Built a full-stack stock trading simulation platform with user authentication.
- Integrated real-time stock price APIs for live market data and trading analytics.
- Implemented portfolio tracking and transaction history modules.

Age Calculator | *Vanilla JavaScript, CSS3, HTML5*

- Created a high-precision age calculation tool with an intuitive user interface.
- Optimized date processing logic for accurate results across all edge cases.

4 Certifications & Achievements

- **Harvard University CS50x** - Computer Science Fundamentals (2026)
- **Hiroshima University** - Sprix Tofas Level 1, 2, 3 (2025-2026)
